

Suman Shekhar

Software Developer

+91-9155115257 | sumanfly06@gmail.com | [Github](#) | [LinkedIn](#) | [Portfolio](#)

Summary

Computer Science graduate with hands-on experience building full-stack web applications using JavaScript, React, Node.js, and MongoDB. Experienced in developing responsive and dynamic user interfaces, integrating RESTful APIs, and implementing efficient client-side logic. Basic understanding of OOPS, SQL, Git version control, and core data structures. Seeking a Software Developer role to contribute to innovative software solutions and system implementation.

Technical Skills

Languages: Java, JavaScript, SQL

Technologies/Framework: HTML, CSS, React.js, Bootstrap, Node, Express

Database: MongoDB

Tools: Git, Postman, Github, VSCode, JIRA

Experience

Crio.do

Jun 2025 – Present

Fellowship Program in Full Stack Development

Bengaluru, Karnataka

- Enrolled in an industry-aligned, project-based full stack development program.
- Gaining hands-on experience with technologies like React, Node.js, Express, and MongoDB.
- Building real-world applications using React, Node.js, Express, and MongoDB.
- Participating in mock interviews, resume reviews, and placement preparation.

Projects

Medify – Medical Center Search & Appointment Booking Application [\[Link\]](#)

React.js, JavaScript, React Router, LocalStorage

- Built a React-based web application to search medical centers by state and city using dynamic API integration
- Developed hospital listing and appointment booking workflow with date and time-slot selection.
- Implemented “My Bookings” page with client-side routing and persistent data storage using localStorage.
- Designed a fully responsive UI and ensured compliance with predefined structure and integration tests.

QTrip – Travel Booking Website [\[Link\]](#)

HTML, CSS, JavaScript, Bootstrap

- Developed a responsive travel booking application with city-based filtering and adventure listings.
- Implemented dynamic content rendering using JavaScript and DOM manipulation.
- Integrated multiple REST API endpoints using Fetch API to retrieve city and adventure data.
- Built reservation handling logic and responsive UI using Bootstrap.

Education

Vinayka mission Kirupananada Variyar Engineering College

2022 – 2026

Bachelor of Technology in Computer Science

Salem, Tamil Nadu, India

- Cumulative GPA: 7.8/10.0

VJ International School

2008 – 2022

Primary and Secondary Education

Bhagalpur, Bihar, India

- Completed schooling with aggregate of over 75%

Certifications and Achievements

National Research Paper Presentation – NCMSD24: Presented research paper on “Smart Agricultural Harvesting and Forecasting Using Machine Learning” at NCMSD 2024.

RISC 2025 – Research and Innovation Symposium for Change: Participated in **RISC 2025**, a national-level innovation symposium organized by IIT Bombay.

Hackathon Participation – Polaris Technology (2025): Participated in a team-based hackathon focused on building a software solution under time constraints

Gac-Gala 2025 – Chess Tournament Winner: Won first place in the college-level chess tournament held during Gac-Gala 2025.
